

## PRODUCT SPECIFICATION SHEET

### Wall and Ceiling

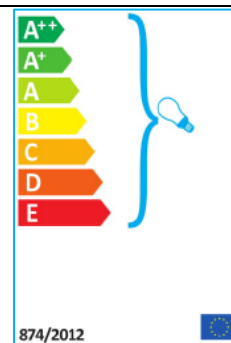

**ITEM CODE:** 1001040

**DUCE AL-DTL50**

#### DESCRIPTION

DUCE is a modern design and simplicity of construction. It will work well as basic or additional lighting both in private interiors and public spaces. It is recommended in places where you want to emphasize an interesting arrangement by means of discrete lighting. A possibility of adjusting a deflection of light source by the angle of 25° allows to direct the light stream into a desirable place or point.

#### PRODUCT DETAILS

Material	Aluminium alloy
Height	82 mm
Width	80 mm
Length	80 mm
Weight	610 g
Color	Brushed aluminium
Replaceable light source	Yes

#### TECHNICAL DATA

Frequency	50/60 Hz
Maximum Power	25 W
Cap	GU10
Voltage	200-240 V
IP	IP20
Light Source	PAR16
Connection type	Bolt terminal block
Minimum distance from the illuminated object	0,5m
